have grown in public favor faster than any other tires as proved by the unprecedented growth of Firestone Sales.

Firestone quality had developed the enormous business of nearly seven and a half million dollars back in 1910 -then we moved into our new factory - America's largest and most efficient Tire plant. Year by year the demand increased. Year by year the

factory was enlarged-according to original plans. Result, our last fiscal year-August to August-the sales record was over Twenty-Five Million. And this year, up to June 1, we are 38% over last year.

Firestone Tires could result only from the Firestone advantage of exclusive quality at volume price.
